IN 1916.

The elections last Tuesday resulted in a few surprises, among them the renewed strength of the old republican party and the virtual annihilation of the Roosevelt progressives.

The democrats lost many seats in the House of Representatives, but that was to be expected in an "off year." The democratic congressional campaign committee made large claims, but all experienced observers felt that the democratic party would be doing well if it elected a majority of 20 to 30. It was believed, however, that several of the districts that went democratic in 1912 would be carried this year by the progressives instead of by the republicans. In other words, while the democrats did reasonably well the republicans did better even than many of the forecasts had indicated.

The democrats should be able to win a decisive presidential victory again in 1916, but much depends upon business conditions as the next campaign approaches. If the European war ends next year business in this country will reach a new high record of prosperity almost immediately. But whether or not the

war ends before the next presidential election this country will enjoy a great deal of solid prosperity. The west with its enormous grain crops selling at very high prices is already beginning to boom. There is reason to expect great prosperity in the South in 1915 and when the agricultural south and the agricultural west have prosperity in full swing the whole country reaps a benefit.

Good times in the business world in 1916 will make for the triumph of the democratic party. Between now and then the republicans will work like Trojans for the complete rehabilitation of the party. The democrats should be just as busy in maintaining a perfect organization in every state.

## Diseased Blood Calls for Help

Nature's Willing Workers are Always at Your Service.

If it is eczema, pimples, boils or worse—your safeguard is S. S. S., the famous blood purifier. It is always lined up to attack diseased blood. And it always does the work. It does the work after disapproval, after alleged specialists, mercury, iodides, strychnine, arsenic and other destructive drugs that have reaped a harvest of mistakes and left a host of invalids guessing as to what is to come. S. S. S. is not such a drug as the cupidity or ignorance of man would be able to produce. It is Nature's wonderful contribution to our necessities. It is wonderful because it can not be imitated; can not be made any other way than to assemble Nature's products and produce what a host of men know as S. S. S., the world's greatest medicine. There are people everywhere that had an old sore or ulcer that defied all the salves known. And yet S. S. S. taken into the blood just naturally put into that old sore the elements that made new tissue, new flesh, and covered it with a new coating of healthy skin. Get a bottle of S. S. S. today of any druggist and be on the way to perfect blood health. But beware of substitutes. For special advice consult the medical department, The Swift Specific Co., 55 Swift Bldg., Atlanta, Ga. It is free and has helped a multitude.

With a few more cruisers at large as efficient as the Emden and her submarines sniping British warships in hostile waters, Germany could afford to let her fleet stay bottled up indefinitely.

Berlin has already begun to honor her "victorious generals" with busts and memorials, but the world at large will have to be shown.

Part of Turkey wants war and part wants peace. In a predicament like that, she can hardly be a helpful ally to Germany.

Among other erstwhile celebrities who are looking out from beneath a deluge of ballots is Mr. Beveridge.

## Best Cough Medicine For Children.

"Three years ago when I was living in Pittsburgh one of my children had a hard cold and coughed dreadfully. Upon the advice of a druggist I purchased a bottle of Chamberlain's Cough Remedy and it benefited him at once. I find it the best cough medicine for children because it is pleasant to take. They do not object to taking it," writes Mrs. Lafayette Tuck, Homer City, Pa. This remedy contains no opium or other narcotic, and may be given to a child as confidently as to an adult. Sold by all dealers.

## Despondency Due to Indigestion.

It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indiana, Pa. "For years my digestion was so poor that I could only eat the lightest foods I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers.
